

Accounting for Stock-Based Compensation Self-Study Webinar (5 Hours)

SA266422E
SA2664

Self Study Webcast
May 23

Overview:

Accounting for stock-based compensation requires companies to measure the value of awards based on fair value. In this self-study webinar, you'll find out what you need to do to comply, and how expensing stock options and other share-based compensation will impact your financial statements. You'll learn about:

- Accounting for stock options, appreciation rights, share awards, and other methods of stock-based compensation
- The calculation of option value
- Classifying stock-based compensation using the liability method

Objective:

To provide financial professionals with hands-on experience for dealing with the complex issues of accounting for stock-based compensation. This self-study webinar is designed to sharpen your practical skills and provide you with the knowledge to apply these best practices back at work.
