

Financial Accounting Issues for Manufacturers, Distributors & Retailers Self-Study Webinar (10 Hours)

SA28223F
SA282

Self Study Webcast
Dec 20 - Dec 21

Overview:

Accountants who work for or with manufacturing, wholesale and retail companies face a wide variety of challenges, including inventory, revenue recognition and industry-specific issues. This self-study webinar addresses a broad spectrum of issues, including these cutting-edge areas:

- Revenue, expense and liability recognition
- Fraud and earnings management issues
- Receivables, securitizations and financing
- ASC 606 (ASU 2014-09) on Revenue Recognition
- The impact of COVID-19

Objective:

To provide accountants, auditors and analysts with a comprehensive understanding of the accounting issues that affect manufacturing, wholesale and retail operations. This self-study webinar discusses characteristics, as well as economic and accounting issues, common to these industries to empower financial professionals with the know-how to be highly effective.
