Self Study Webcast  
Dec 20 - Dec 21

### Overview:

Sales tax audits present tremendous anxiety for companies. Sales tax compliance processes, if existent at all, are typically an afterthought, pieced together in reaction to issues as they arise. Add to this the fact that auditors, unaware of your industry or company, are trained to be suspicious, and you have a recipe for disaster if not planned for and managed properly. In this self-study webinar, we will discuss:

- The impact of *South Dakota v. Wayfair*
- Sales tax compliance obligations for sellers
- Documenting transactions to create an audit trail
- Managing information flow

### Objective:

To keep tax professionals up-to-date with best practices for avoiding—and preparing for—a sales tax audit, as well as establishing sales tax compliance protocols.
